

I Can Statements-Science and Social Studies-2nd Grade

I can understand the relationship between government services and the purpose of government CC 2.C&G.1

I can describe the roles and responsibilities of citizens.

CC 2.C&G.2

I can understand basic changing economic concepts.

CC 2.E.1

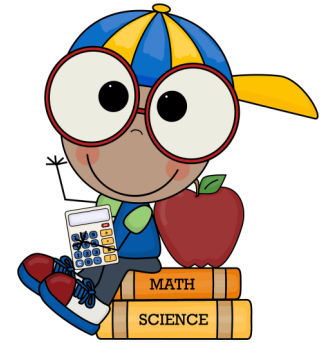

I can utilize map tools to explore systems geographically.

CC 2.G.1.

I can use a timeline to
sequence events.

CC 2.H.1.1

I can identify the
contributions of historical
figures.

CC 2.H.1.2

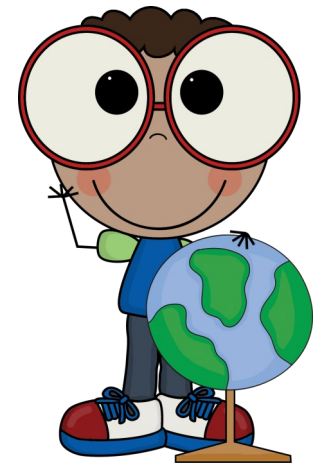

CC 2.H.1.3

I can compare various interpretations of the same time period.

I can explain how artistic expressions of diverse cultures contribute to the community

CC 2.C.1.1

I can recognize the key historical figures and events that are associated with various cultural traditions.

CC 2.C.1.2

I can understand the meaning of respect.

CC 2.C.1.3

I can respect different cultural values and traditions.

CC 2.C.1.

I can interact and communicate with others.

CC 2.C.1.

I can understand how people depend on the environment and natural resources to meet basic needs.

CC 2.G.2.1

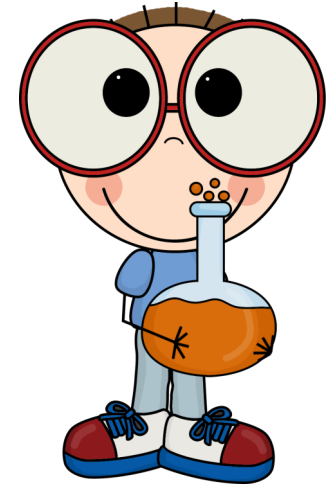

I can explain the effect people have on the environment.

CC 2.G.2.2

I can understand the relationship between sound and vibrating objects.

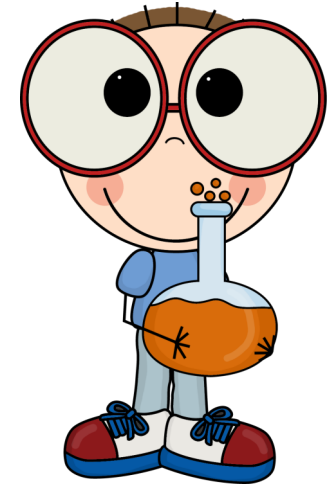

CC 2.P.1

I can summarize and compare how different animals grow and develop during their life cycles.

CC 2.L.1

I can understand and give examples of the changes that occur in matter.

CC 2.P.2.1

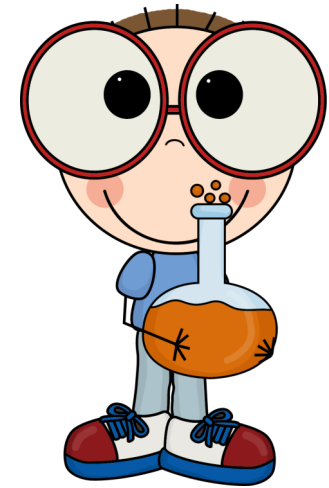

I can compare the change that occurs in the amount of water in a container before and after freezing.

CC 2.P.2.2

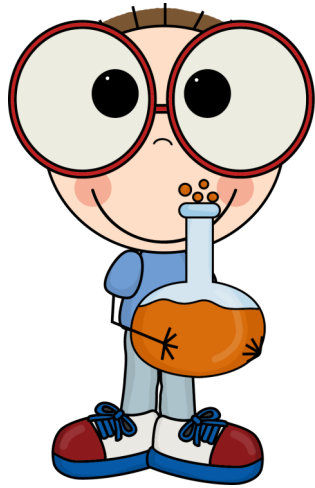

I can understand and compare the changes in water when it is left in a closed container to water that is left in an open container.

CC 2.P.2.3

I can understand and compare patterns that make up the weather system.

CC 2.E.1.3

I can summarize
weather conditions.

CC 2.E.1.2

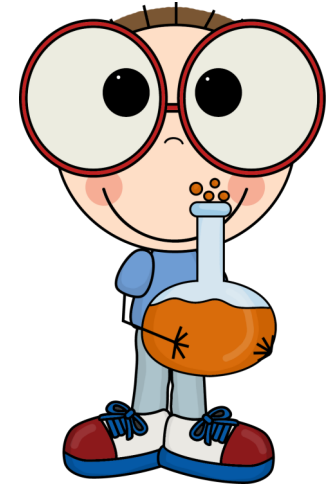

I can recognize the tools that
scientist use studying the
systems of the weather.

CC 2.E.1.4

I can understand that plants and animals resemble their parents, even while being unique.

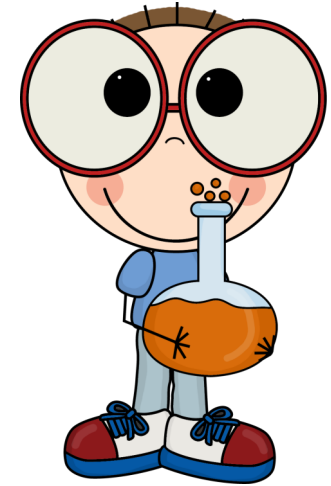

CC 2.L.2.1

I can identify ways in which plants and animals closely resemble their parents and ways that they are different.

CC 2.L.2.1

I can recognize that there is variation among individuals that are related.

CC 2.L.2.2

I can understand that groups of organisms of the same type have characteristics in common as well as characteristics that vary.

CC 2.L.2.2
