Parent 2 Parent Lifeline

Every new parent has questions that they wish they could ask of an experienced K¹² parent. Lifeline is an opportunity to do just that.

If you have a question about working with your student, using the curriculum, setting up your school space, time management, using the Online School or High School platform, student motivation, or just getting through your day, log in to ask your question of a real parent who is there just for you! You're not alone! If we don't have the answer, we can help you find out where to look!

This is not a workshop or presentation. This is drop in question/answer space staffed by an experienced K¹² parent.

Here are a few of the comments about Lifeline from parents like you!

"Very beneficial for a new parent. Will definitely continue to join lifeline sessions and would highly recommend new parents to join."

"It was nice to hear other ideas, even if they did not pertain to my specific situation."

** We are unable to answer school-specific questions. Questions about attendance and grading policies, testing sites and schedules, local outings, etc., must be directed to your school. We also are unable to look up class schedules or shipping information. Those with these questions should connect to their school guidance counselors, Family Support Coordinators, OLS tools (such as MyInfo), or K12 Customer Support for answers.*

Lifeline is open:

Every Tuesday, Wednesday and Thursday in January.

Times vary by month, so please check the schedule below!
